

if $x \leq 7.000$

```
graph TD; A([if x ≤ 7.000]) -- yes --> B([r]); A -- no --> C[__random__];
```

The diagram is a flowchart representing an if statement. At the top is a white rounded rectangle containing the text 'if x ≤ 7.000'. Two arrows originate from the bottom of this rectangle. The left arrow is labeled 'yes' in a light gray font and points to an orange rounded rectangle containing the letter 'r'. The right arrow is labeled 'no' in a light gray font and points to a purple rounded rectangle containing the text '__random__'.

yes

no

r

__random__
